

David Singleton – Service Manager, Damar Security Systems

David came to Damar Security Systems with 33 years of experience in Cable TV, Broadcast and Video Transmission via microwave, satellite and fibre optic cable. While in those fields he held positions with several National Cable Television firms in technical operation, plant design and construction as well as regional management.

In addition he held, and continues to hold, positions with the Canadian Standards Association (CSA) as a volunteer working on National Standards and education. He also volunteers regular for the OEF and does financial accountability to volunteers in the Boy Scouts organization.

Since joining Damar Security Systems David has held several management positions and is currently the Service Manager with a staff of 18 direct reporting service team members.

He always enjoys working with customers and his direct line is 519-346-6339 or toll free 1-866-617-6339.
